FEATURED PERFORMANCE

(((HARMONYC)))
movement

In recent years, K-Pop (short for Korean pop music) has quickly established itself in the international music scene due to its distinct visual focus and world-class fan experience, allowing the formation of an extensive network of dedicated fans across the world. HarmonyC Movement is a team of dancers who share a passion of dance as well as K-pop and Korean culture. They not only post choreography covers on YouTube but also create original choreography and host dance workshops. They are winners of 2019's Cover Star K contest, getting a chance to perform at KCON NY!
